

Proposal

To: **Arun Mr, Fire Suppression Services**

Date: **1/13/21**

From: **Unicad, Inc.**
5794 W. 4600 S.
Hooper, UT 84315

Proposal to provide drafting & design services for the following:

Project Name: **Arlington Properties**

Price: **\$2,000 – Total**

\$1,600 - Fire Alarm Design & Shop Drawings (~4 sheets @ \$400/sheet)

\$400 - As Builts / Record Drawings & Placards

Estimated completion date: **As Required**

Description of services to be provided: **Fire Alarm Shop Drawings for submittal per information and instructions provided by Fire Suppression Services.**

The prices listed above are contingent upon having electronic CAD files available for use by Unicad, Inc. **If CAD files are not available and Unicad, Inc. is required to re-create building floor plans the price will increase by approx. \$200.00 per sheet.** This does not include trips to the job site, measurements or other verification or interface that is required. These situations will be billed on an individual basis.

It is the desire of Unicad, Inc. to provide you with a fair cost for drawings. When we make a mistake, we offer to rectify for no additional cost. **When there are revisions required that are out of the initial scope or due to changes on the project that are out of the control of Unicad, Inc., additional costs may be billed at our current hourly rate of \$60/hour.**

Sincerely,

Mark Elison
